

**Attention Livestock Users!:**

Horses and mules are allowed only at Paliku and Holua cabins.

**Invasive Species Prevention:**

The Permittee shall inspect and clean their truck, trailer (if used), and horses hooves and remove any plant material, mud, dirt, debris, and seeds ***BEFORE*** entering the Park.

**Requirement for Manure Removal:**

The Permittee shall shovel up for removal from the park, all manure deposited on parking areas, public roadways, trailheads, and sidewalks on the same day.

**Hitching Rails:**

Where available, the Permittee and/or guests shall tie riding stock only to hitching rails.

**Prevention of Resource Damage:**

The Permittee is responsible for prevention of damage to native vegetation by grazing or trampling.

**Feed:**

The use of commercial feed in lieu of grazing within the park shall only be of a “weed free” variety.
